Hi Lu-Ann,

Manisha made edits for Toby to the HSR internet sites late last week before she left. Toby reviewed it today and noticed one link that should be relocated to a different tab on the site. Is it possible to edit this while Manisha is out of the office?

If so, currently the 8<sup>th</sup> tab down on the [HSR site](#), labeled "Why is the National Academy of Sciences (NAS) investigating EPA's research studies?" has two links at the bottom of the text. Toby would like to move the second link: "OIG Report No. 14-P-0154" to the bottom of both the 9<sup>th</sup> and 10<sup>th</sup> tab and delete it from the 8<sup>th</sup> tab.

Please let us know if this is possible!

Thanks,  
Julia

Thanks!

Julia: We need to move the OIG report to the bottom of the questions about the OIG, not the one about the NAS. Could you please look into fixing that?

Thanks,

Toby
